

Platinum Protection Roofing System Limited Warranty*

Our ultimate coverage for your roofing system.

Protect your investment

A healthy roof consists of many parts. With the Owens Corning Roofing and Asphalt, LLC ("Owens Corning"), Platinum Protection Roofing System Limited Warranty,* every component — including installation — of your Total Protection Roofing System™[^] is covered by an extended warranty, **including a Lifetime warranty* on workmanship⁶ coverage for as long as you own your home.** It's a smart way to help ensure your investment is protected for years to come.

Peace of mind

The Platinum Protection Roofing System Limited Warranty* has up to a 50-year "non-prorated" period where there is 100% coverage for both material defects and the labor to repair or replace them, whereas many standard warranties have a 10-year non-prorated warranty period. With the Platinum Protection Roofing System Limited Warranty,* you can rest easy knowing you have this extra coverage for a longer period of time.

In addition, you will receive a Lifetime⁶ of workmanship⁶ protection. Meaning, if your roof is found to have an application error, Owens Corning™ Roofing will arrange to have it repaired, with labor, materials, tear-off and disposal costs all covered. Owens Corning Roofing and Asphalt, LLC, stands behind your roof for Life.⁶

Coverage

The Platinum Protection Roofing System Limited Warranty* provides 100% coverage for both material defects and the labor to repair or replace them, including tear-off and disposal. Additionally, most of the Owens Corning™ roofing components take on the warranty of the shingle installed;** in many cases, this extends their warranty period. The Platinum Protection Roofing System Limited Warranty* does not cover non-Owens Corning™ roofing components such as flashing, fasteners or wood decking.

One-time transfer* -70

Whether you're staying in your home for years to come or planning to sell, the Platinum Protection Roofing System Limited Warranty is transferable,⁷⁶ making it an excellent investment. If you're planning to sell, this warranty may provide a highly desirable benefit to future homebuyers.

Requirements

To be eligible for the Platinum Protection Roofing System Limited Warranty,* you must purchase and install Owens Corning™ shingles and at least four of the following Owens Corning™ roofing components (one product from each category where applicable):

- WeatherLock® Self-Sealing Ice & Water Barrier products
- Owens Corning™ Underlayment products: Fiberglas® Reinforced Felt or DECK DEFENSE® High Performance Roof Underlayment
- Owens Corning™ Starter Shingle products
- At least one Owens Corning™ VentSure® product** (intake vent or exhaust vent) must be used as part of a balanced air ventilation system consisting of both functional intake and exhaust ventilation products. If a VentSure® intake vent AND VentSure® exhaust vent are both used, this counts as one of the four requirements previously mentioned.
- Owens Corning™ Hip & Ridge Shingles
- Illuminator® Tube Skylight

In addition, you must meet the following requirements:

- An Owens Corning™ Roofing Platinum Preferred Contractor must install your roofing system and adhere to local building codes.
- Your roofing system must be installed over a clean roof deck with all existing roofing material and debris removed.*
- You must use a No. 15 or No. 30 standard asphalt-saturated felt on the deck as a minimum. However, using the Owens Corning™ Fiberglas® Reinforced Felt or Owens Corning™ DECK DEFENSE® Underlayment will both satisfy this requirement and count as one of the above four Owens Corning™ roofing component requirements.
